

Data Protection Training

Data protection and information governance are intrinsic to the operation of every organisation. Understanding the essential legal rules of what you can, and cannot do when processing personal data, thus ensuring that organisations respect the privacy rights of individuals is a legal obligation of every Controller and Processor. This workshop provides an introduction to data protection legislation in a fun and engaging way.

WORKSHOP OVERVIEW

This half-day workshop delivers essential information in relation to the GDPR (General Data Protection Regulation). It gives delegates a broad overview of the responsibilities of their organisation, the GDPR Principles and the rights given to the individual.

FORMAT AND CERTIFICATION

Our Trainers, having worked on the coalface as both consultants and auditors have an extensive depth and breadth of knowledge. This brings the subject to life with real-life scenarios that enrich the learning experience.

Duration – 3.5 hours, either 9am-12.30pm, or 1pm-4.30pm. There is the possibility of 2 sessions per day.

Delivery – Workshops are suitable for Public, Private and Not-for-Profit organisations. To keep engagement levels high, a maximum of 15 delegates per session is allowed.

Format – Delivered by passionate data protection professionals this workshop can be delivered effortlessly at your business premises, in a hotel or conference centre or remotely online via Zoom.

Certificate – Every attendee receives a certificate of attendance or if the optional test is taken, a certificate of achievement, both of which will evidence that they have undertaken the workshop.

AUDIENCE

This workshop is ideal for people, including volunteers, who are new to data protection and data governance and those wishing to refresh or develop their knowledgebase.

If you want to progress further, or undertake more formal learning, we have Certified Level 1 and Level 2 courses available. Please contact us to find out more using the contact number below.

WORKSHOP CONTENT

Content and animation can be tailored to the client's own specific requirements upon request. Each of the subjects listed is broken down further, if you want to know if something very specific is included, please just ask.

Summary of subjects covered:

- Introduction to GDPR and UK legislation
- Key data protection principles and notions
- The lawful bases of processing
- The rights of an individual
- What to do when things go wrong!
